powercase 2400mAh

Introduction:

Before using your Powercase for the first time, please take a few moments to read through the user manual.

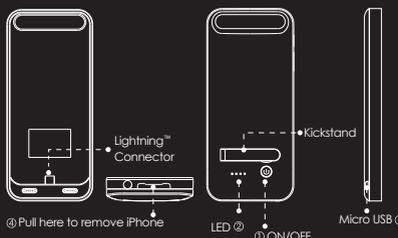

Installing:

- To install your iPhone, firstly remove the frame ① & place the iPhone into the Powercase, replace the frame ② then gently press all the way around until you hear the clips have engaged & no gaps are visible.
- To remove your iPhone, simply pull up the bottom of the frame at point ③.

Charging iPhone 5/5s via Powercase:

- Hold down the power button ① for approximately 2 seconds to charge your iPhone.
- Hold down again for approximately 2 seconds to turn off the Powercase when your iPhone is fully charged. Please ensure this instruction is followed as this will save the capacity of the built-in battery for charging next time.

Charging Powercase:

- Connect your Powercase ③ with your iPhone already installed, to the Micro USB charging cable. Then connect the Micro USB charging cable to any USB power source to start charging. Both your iPhone and Powercase will be charged simultaneously.
- Charge until the LED indicator is full ②.

Note: When your iPhone battery is fully drained in the Powercase, the iPhone charging icon will revert to its normal usage.

Technical details:

Power capacity: 2400mAh
